

# UNBEATABLE RESULTS

**PERFECT YOUR PROCESS WITH STM-640**  
Ophthalmic Coolant for Both Digital and Conventional Applications

**STM-640** is a low foam synthetic fluid formulated for both digital and conventional ophthalmic lens grinding. It is designed to provide exceptional corrosion and multi-metal protection of equipment and machinery, and resists biological growth. Its innovative chemistry provides lubricity for longer tool life and discourages air entrainment. **STM-640** performs effectively with centrifuges and media filter systems as well as conventional optical generators and edgers. It is also available in an undyed version –**STM-641**.

## **STM640** coolant

5 gallon pail ..... STM640-P  
55 gallon drum ..... STM640-D  
275 gallon tote ..... STM640-T

## **STM641** undyed coolant

5 gallon pail ..... STM641-P  
55 gallon drum ..... STM641-D  
275 gallon tote ..... STM641-T

*When you purchase our STM line of coolants, Salem offers a free coolant analysis. We provide water sample kits that you send directly to our coolant manufacturing facility. They test and generate a report that provides crucial information about your system for determining if your coolant concentration is correct, pH level, rust inhibitor level, bacteria and much more. We will provide these comprehensive reports back to you and work directly with your team to ensure that you are getting the maximum performance/longevity from our coolant.*

## Surfacing Supplies

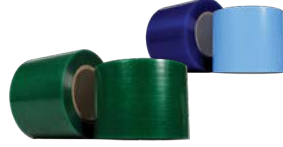

### Fining Pads

One Step & Two Step Pads for CR-39 & High Index  
One Step & Two Step Pads for Polycarbonate

### Lens Tape

Lined Lens Tape  
Linerless Lens Tape

### Lens Polish

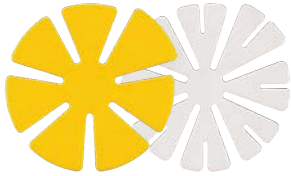

### Coolants & Defoamers

Coolants | Defoamers  
Filter Bags

### Polishing Pads

### Also Available

Alloy | Pad Peelers  
Plastic Laps

### Glass Lenses

Abrasives | Alloy | Coolants | Crown Salts  
Defoamers | Photo Salts | Polish | Silicic Acid

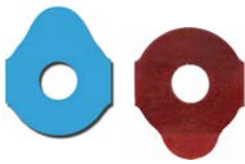

## Finishing Supplies

### Anti-Slip Protection

Anti-Slip Film | Center Protectors

### Blocking Pads

### Edging Wheels & Accessories

Edging Blocks | Felt Pads | Hand Edging Wheels  
Polishing Bars | Roughing, Finishing & Polishing Wheels

### Pattern Blanks

### Lens Tinting & Instruments

BPI Dye | Gradients | Finishing Chemicals | Lens Holders | Shades Dye | Tanks & Lids  
Tint Units | Ultrasonic Cleaning Units | UV Meters

### OptiDrill

Accessories | Drill Bits | Drills  
Motors & Probes
